

Reading is an enjoyable experience designed to keep reading skills active. Our goal is for your child to read enjoyable material. Research has shown that the best way to improve reading skills is to READ – and the material being read should not be so challenging that the enjoyment of reading is quelled. The following is a list of **suggested** authors. Other authors that a child enjoys are certainly appropriate. Difficulty of reading levels varies from author and book to book.

Choose any books by the following authors:
